

Camera | Return Instructions

In order to ensure your satisfaction with the repair process, please read and follow the instructions below.
Be sure to keep a copy of this for your records.

Product Information

Be sure to record your camera information here so that you have a copy for your records.

Serial # _____ UPS Tracking # _____

Content Information

Please be sure to back-up the content (picture files, video files, etc.) stored on your camera before sending it for repair. Because of the nature of the repair process (which may require memory replacement or formatting), some or all of the content stored on your camera may be damaged or erased. Please remove any media from your camera. We are not responsible for any damage to or loss of content.

***Note regarding illegal or offensive content:** Please remove any content that would be considered offensive by the general population. Any illegal content will be turned over to the appropriate authorities.

Packaging Instructions

- 1) Please fill out the enclosed Camera Repair Information and include with your camera when you send it in for repair.
- 2) Please do not include any accessories with your camera.
- 3) Please package your camera in a sturdy cardboard box. The box should be large enough to fit with at least 3-4 inches of extra space on all sides available for packing material. DO NOT ship your camera in the retail store packaging.
- 4) Please make sure the box does not have any old shipping labels on it. This could cause your package to be delayed or lost.
- 5) Use packing material like bubble wrap, foam wrap, or foam packing peanuts. Be sure to include packing material in the bottom of the box to act as a cushion.
- 6) Set your camera on top of the packing material in the box and then add additional packing material around the sides and top to ensure that the camera does not move around.
- 7) Use packing or shipping tape to securely close the box.

Shipping Instructions

- 1) Place the pre-addressed return label on the box. **Note:** The link to your label in the email will expire 30 days from receipt.
- 2) Call UPS at 1-800-742-5877 for information on drop off locations.
- 3) To check on the status of your shipment use the UPS tracking number at www.UPS.com.
- 4) The Service Request # that you are assigned will expire in 90 days so be sure to send your camera in as soon as possible to avoid delays in the repair process.

Claim Status

You will be able to track the progress of your repair online at www.productassist.com/claimstatus. Additionally, you will get an automated email or phone call when we receive your camera at our repair facility. After your camera is repaired and shipped out, you will get another automated email or call, which will provide you a shipment tracking number.

Most cameras can be repaired and shipped back to you within 7 – 10 business days. In the event that additional time is required to complete your repair, we will contact you by either email or phone. We will repair your camera according to the terms and conditions of your contract. If you have any questions, please call 1-877-886-4857. Our hours of operation are: Mon – Fri 7am – 7 pm (CST)

Camera | Repair Information Form
